

Formation Team Rules for Payment
Nov 23, 2013

- The cost of registration in the Formation Team event will cost as follows:
 - Each individual dancer in a formation team MUST have a general GG9 participation registration (\$195).
 - Each Formation Team will register only once in the Formation Team event and will be charged only \$130 PER TEAM.
 - Beyond the (\$195) GG9 participation registration fee, individual dancers in a formation team are not required to pay any additional dancesport registration fee unless they are entering other dancesport events (in addition to formation team event).
- If any Formation Team member is dancing in other dancesport events, that person is responsible for appropriately registering herself or himself for those events and paying the required fees.
- One member of each Formation Team needs to be designated as Team Captain. That person will register for the Dancesport Formation Team Event and pay the \$130 team registration fee. Once the Team Captain has paid this fee, that person may also enter other Dancesport events without paying any additional registration fees.
- After the Team Captain has registered the team and paid the fee, the Team Captain will be asked to submit the names of all dancers on the Formation Team. **This list of Formation Team members must be submitted to GG9Registration@nasspda.org no later than June 1, 2014.** This list will be used to ensure that each individual team member has successfully completed a GG9 participation registration. The list of team members will be maintained at the entrance to the Dancesport venue to ensure that they have been appropriately identified as team members. **No Formation Team members will be permitted to compete unless they have individually registered as GG9 participants.**
